THE MAIL BAG

HELP! HELP! HELP!

Please help me out on this. I have a 7-toed cat, a female. She is now 10 years old and had kittens every year. All her kittens have had 7 toes on her four feet similar to herself. Would like to know some history of the 7-toed cat. Incidentally, she chases dogs, rides on their backs and bites and claws them. My friends say they never have heard of a cat going after dogs that way!

MRS. TERESA CASTERLINE
Elmira, N.Y.

MORE ON CLAW CLIPPING

In reply to the letter by Dorothy Vorse (Mail Bag, April '47) let me quote from Doris Bryant's book, *"Care and Handling of Cats"*:

"The cat's claws were intended for defense against his enemies."

"House cats have no need for their claws and should have them clipped. They have nothing from which to defend themselves and any tendency to climb a person's clothes or curtains or drapes or chairs can be curbed by simply cutting the claws. . . if they are not cut they catch in clothes, rugs and pillows; a cat can twist a leg when a very long claw is caught. Very long claws may grow back into the

foot, causing painful sores."

I believe in claw clipping as part of a house cat's grooming. My cats receive their clipping right along with the comb and brush, and not one of them has ever objected.

STEVE WALLACE
Jamaica, L.I., N.Y.

In the Mail Bag regarding "Clipping Claws" (April '47), to quote a renowned authority, Ida M. Mellen in *"A Practical Cat Book"*:

"A cat does not sharpen its claws but the claws are shed throughout the year and the cat works off the loose bits of the front claws by scratching on soft wood, those of the hind feet being removed by the teeth."

This is surely true as I've watched my cats often as they chewed on their back nails. The floor near the scratching posts always have peeled off layers of the nail laying by. I do object to clipping kittens' nails except for the very tips, as I have had a few sad experiences with kittens crippled through falls; having lost their grip while climbing. So, I say, clip the grown cats' nails, and let the kittens' grow!

MRS. CAROL STUIVE
Hastings, Mich.

OLD FOR HIS AGE

I read the article by Helen G. Fairchild about her cat Sy-Ki. She wrote about his death at the ripe old age of thirteen and says that is the equivalent of ninety-one in a human. If this is correct, my Tommy is the equivalent of a human one hundred and nineteen years because he is seventeen years old. He was born in 1930.

He is the only cat I have ever seen that could swear! He leaves no doubt in one's mind that he is swearing when he finds someone sitting in his favorite chair, or when I return after a few days' absence. Occasionally he swears at guests when they linger and he thinks it is time to go to bed.

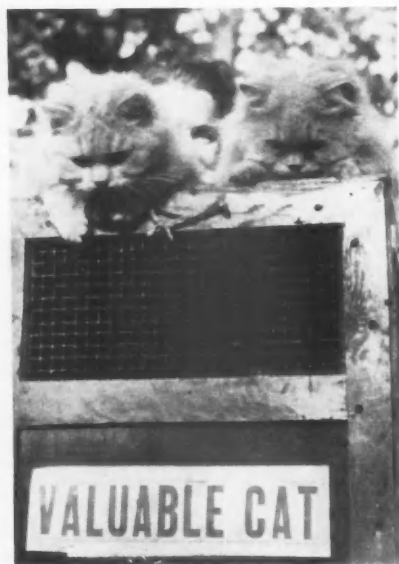

MILDRED PERKINS
Wheeling, W. Va.

"TOEING THE MARK"

According to a United Press item, a cat owned by Sylvia Boscardin of Pittsfield, Mass., has twenty-six toes — five on one paw, six on another, seven on a third and eight on a fourth.

NOVELTY "KATS"

Handmade "Kats" of brightly colored wool yarn is a novelty now being made by Mrs. Alice B. Welty, Box 8, Darien, Wis. The kats will make excellent gifts and prizes for cat lovers. Look up the ad.

"WHO? HIM — OR ME?"

ROLLINGWOOD RANCH

WALLED LAKE, MICHIGAN

Pedigreed Persians for Discriminating People

If you have been planning to purchase a Rollingwood Persian we suggest you discuss it with us now in order that we may not disappoint you.

There are not many Rollingwood Persians available. We do not operate our cattery on a production basis but breed selectively and care for our cats and kittens according to their individual needs giving them scientific feeding and the advantages of out-of-door freedom and inside home environment. For this reason we only plan to have three or four litters a year and this does not fill all the orders that come in during the season.

The picture at the left is of two typical Rollingwood Persians, a cream male and a blue female, both of which are equally beautiful color-bred creams out of two famous bloodlines. At home at Rollingwood they are just known as "Duke" and "Jack" respectively.

SHADED SILVER WINS BEST CAT AT ANGEL CITY

Dbl. Ch. Ho Yon of Beverly-Serrano, a shaded silver male, owned by Mrs. Jessie C. Hazlett, won Best Cat award at the Sixth Annual All-Breed Show of the Angel City Cat Fancier (CFA) at Los Angeles, February 1-2. The event was judged by Mrs. James Rotter of Minneapolis.

Bandits Tuffy, a Chinchilla, owned by Mrs. Charles Walton, captured Best Opposite.

Siamese came in for many of the laurels with the most notable achievements occurring in the kitten classes.

The winning champion was sired by Ch. Hazlett's Sonny Boy ex Caprice of Laguna, while Bandits Tuffy is from Ch. Starlight Heart Bandit II out of Wanda of Bantam Ranch.

The results follow:

Best Cat and Best Champion — Dbl. Ch. Ho Yon of Beverly-Serrano, sh. sil. male, owned by Mrs. Jessie C. Hazlett.

Best O.S. Cat — Bandits Tuffy, chin, owned by Mrs. Charles Walton.

Best O.S. Champ — Ch. Chanta, tortie, owned by Colleen Clancy.

Best Novice — Hale O'Alli Miki Alu, black male, owned by Mr. Julius A. Joseph.

Best Kitten — Princess Ming Toye, s.p. Siamese male, owned by Mr. David J. Jacobs.

Best O.S. Kitten — Khing Tzu of Brentwood, s.p. Siamese, owned by Mrs. Grace M. Clarke.

Best For. S.H. and Best Siamese — Ling Toy of Lou Zing, s.p. Siamese female, owned by Mrs. Zelma Philips.

Best Dom. S.H. — Kerry Lu Marigold, red tabby female, owned by Carry and Lucy Clingan.

CONNECTICUT ELECTS

Officers of the Connecticut Cat Fanciers following the recent election are Mrs. Eugene Blake, president; Mrs. Chant Owen, 1st vice-pres.; Mrs. Ralph Wilkinson, 2nd vice-pres.; Mrs. Charles Sedgwick, treasurer; and Mrs. Van Court Tapp, secretary. The show scheduled for Nov. 13-14, will be staged at the Hotel Garde, New Haven.

"MY CATS STRUT AFTER A LABCO PET SHAMPOO BATH,"

writes Mrs. Florence Kemmer, of Bradenton, Florida, outstanding cat breeder, whose cats have won top honors at many important shows.

"Yes, my cats feel so good, they actually strut. And they look good after a bath with Labco. It gives a lovely natural sheen to the coat. Another highly important point is the fact that

SILVER MOTH'S CHARRENE

Labco kills fleas instantly and gives the cats immunity for several months. It certainly fills a long felt need in the South. No more do I have to labor with sharp tweezers to pick off each flea. Labco Pet Shampoo simplifies everything. The fleas just brush out in the after-bath grooming."

NOTE: Winner of "LABCO Name Contest" to be announced soon in "CATS."

PUBLISHER AND EDITOR

CHARLES A. KENNY

751 State St., Utica, N.Y. USA

Copyright 1947 by *Cats Magazine* under International Copyright Convention. All rights reserved under Pan American Copyright Convention. Printed in U.S.A. Opinions expressed in signed articles are not necessarily those of the Publisher.

AS-1947

With this issue *Cats Magazine* presents the 1947 All-Southern rankings of the All-America Cattery. Forty-five cats are so honored, representing eight States and the District of Columbia.

Florida tops the list with 16 rankings, followed in order by Louisiana with 10; Georgia with 6; Virginia with 5; Texas with 3; Tennessee with 2; and Alabama, Maryland and the District of Columbia with one each.

To Miss Winifred Porter of New Orleans goes the distinction of collecting 6 winners, followed by Mrs. Maude Barney with 5 and Mrs. Florence Kemmer with 4.

Much interest was centered on the ultimate winner of the Blue Male classification where two standouts compiled fine records during the past season. These were Dixi-Land's Pearl Harbor Yank (Tennessee) and Glenn Echo Sunnysboy (Maryland). The former competed in rings in the Midwest and South, while the latter confined its showings exclusively to the East. The pair failed to show against each other, although they were scheduled at the New Orleans event, the final show of the season. Sunnysboy was absent. Yank won the ranking handily with points to spare.

The South is represented with several outstanding cats and may prove a real surprise in the final rankings. The South is leading the way in the short-hair domestic division which is rapidly gaining in popularity because of the A-A. A pair of Norfolk, Va., whites (o.e) should compile banner records next season.

AW-1947

The 1947 All-Western listings and rankings complete the sectional ranking of the All-America next issue. In the West, exceptionally large classes of Siamese are the rule. Therefore the strongest interest in that section concerns the popular shorthairs. General opinion is that the Western Siamese winners will cinch the A-A positions. Don't be too sure! Remember, Siamese captured best cat awards in All Breed Shows at St. Louis and at New Orleans.

GAME

The Cat of the Year can provide an interesting "guessing pool" at your next club meeting. Pass around sheets of paper upon which are written the following to be completed by the indi-

vidual contestant: Name of Cat, Color and Breed Classification, Sex, Section. Score 50 points for correct name of cat; 25 points for Color and Breed Classification, 10 for Sex and 15 for Section. Highest point score wins the prize following the formal announcement in August's *Cats Magazine*.

OVERSEAS

Aside from England, little is known in the United States and Canada concerning the cat fancy in other sections of the world. But it may be surprising for you to know that since the close of the war groups of cat owners and cat lovers are beginning to organize and build strong organizations.

In Denmark there are two recognized associations similar to ours in America. These include DARAK (The Danish Fancy Cat Club) with headquarters in Copenhagen and boasting 500 members and JARAK (The Jutland Fancy Cat Club) at Aarhus, and a number of individual groups. The Racekatten Club (DARAK) held its show in Copenhagen, a three-day affair in April, with an outstanding personality from England as judge. There were 106 exhibits of which 40 were Siamese. A number of the entries were flown from Norway, proving that country too, is coming to the fore.

The South African Cat Union is another organization making rapid strides, with a Miss Deeble of Pinetown, Natal, secretary. Plans of the Union is to affiliate in the near future with the Governing Council of the Cat Fancy (England). Since this publication now circulates to many of the members of these South African, Danish, Norwegian, Swedish, Swiss and French club members, it is requested that secretaries furnish editorial material to us to pass on to our readers around the world.

CAMPAIGN

Sufficient subscribers are available in PITTSBURGH, PA., and PHOENIX, ARIZ., to form cat clubs. Enthusiastic readers in these cities and the surrounding area are urged to communicate with *Cats* immediately. If you desire to organize a club in your area and you desire a little help, please contact us.

FUTURE

We are always open to constructive criticism and welcome it from all our readers. The cry appears to be "More Pages!" Our circulation cannot keep

abreast the paper that is allotted to us at this time. In sending your letters of encouragement and suggestions, please take into consideration the paper situation at the present time.

DEATH AND DONATION

Magistrate James McBride of Philadelphia sentenced to death on March 20 a chow dog, accused of killing neighborhood cats, while in New York recently, Magistrate Murphy suspended sentence of a defendant for killing a cat provided he donate \$50 to the ASPCA.

C. F. A. Suspends Burmese From Registry and Shows

The Cat Fanciers' Association at its quarterly meeting in New York in May, announced that it had definitely suspended the Burmese breed of cats. The formal statement follows:

"After extended discussion, and consideration of correspondence from breeders and exhibitors, the Board (Executive Board of C.F.A.) decided that the recognition by the CFA of the so-called Burmese breed of cats as a pure breed shall be indefinitely suspended; during the pendency of the suspension no Burmese class will be judged in any show sanctioned by CFA, no Burmese cats will be registered by CFA either in Foundation Record or the Stud Book, and all existing Burmese registrations are suspended, registration fees for such registrations to be refunded upon request of owner. The temporary hardship, occasioned by this action, on those who are trying to establish the breed, was recognized. However, it appears that in this country the breed was originated from a single cat, a female, and the result has been the production of hybrids due to crossing with pure bred Siamese. This has brought about difficulties regarding registrations and show entries, and the Board decided that the best solution of the problem would be a suspension of recognition until the breed shall be more soundly established."

Texas Hubby Finds New Dinner Bell

Here's the latest! CANNED CAT CALLS.

Canned cat calls are the product of Mr. and Mrs. Ted Mayborn of Dallas, Texas, and they are designed to keep cats well-fed.

It all happened when Mrs. Mayborn vacationed in California. Mrs. Mayborn's cats will answer none but their mistress' voice and she was fearful they might starve while she was away for two weeks.

Mr. Mayborn used a home-recording machine to make a record of Mrs. Mayborn calling her four cats. When meal-time came, the disc was played.

The cats didn't miss a meal!

The action follows shortly on the formal announcement in *Cats Magazine* by the American Cat Association that the Burmese standard as prepared by the Burmese Society, was accepted as the official ACA Burmese standard. The Burmese Society is an affiliate of the Cat Fanciers Federation.

It was also announced by C.F.A. that the standards for Smoke and Cream cats have been revised as follows:

"Smoke: A smoke cat must be black, shading to smoke, with white undercoat and black points and mask, light silver frill and ear tufts. Eyes to be brilliant copper or deep orange."

"Cream: One level shade of cream, sound to the roots. Eyes brilliant copper or deep orange."

CATS MAGAZINE does not sell or purchase cats, nor does it deal in cat supplies, remedies or foods. CATS MAGAZINE does not compete in any way with its advertisers.

It's Kitten-Time for the Novices

By RITA SWENSON

June is such a lovely month. The month of flowers, mild spring breezes, and best of all, *kittens*. Though I have been breeding Persians for quite a few

years, each Spring, when the tiny bundles of fluff arrive, I am as thrilled as on that day when my first "home-bred" litter arrived. Those who are fanciers themselves will agree a more absorbing hobby can't be imagined.

Now that we have more or less returned to normal living, scores of novices have taken up breeding, and many others will, in the near future, join our ranks. These novices can't succeed entirely on their own, so it is hoped the experienced breeders will lend all assistance possible.

I have heard novices bewail the fact that some breeders keep their knowledge to themselves, but I am sure there must be two sides to that story. When I was a novice, no one refused me information and I can't believe that today's breeders are any less cooperative. I do know of instances, however, where bona fide advice was rejected on the grounds that a rival breeder surely wouldn't extend honest help. Having her good advice discredited by a novice is enough to make ANY breeder shut up like a clam even though she knows the years will prove her right. I can only say that if one seeks advice, he should accept it in the same spirit in which it is given.

My advice to novices wishing to become breeders would be to invest in the best proven queen he can locate, and failing that, to buy a good female kitten from a prolific queen. Buy the finest you can afford for in the final analysis, the good kitten is the least expensive. Do not expect to be able to purchase perfection for no matter how many dollars you are willing to put out, you can't buy it. One of the fascinating things about breeding is the fact one has a chance to pit his brains and ingenuity against the forces of nature.

The novice breeder should learn to place proper value on her cats and their offspring. By study and the use of sound

N. C. W. INCORPORATES IN OHIO; DATES SET FOR NOVEMBER 2-8

Dates for National Cat Week have been set for November 2-8, according to an announcement by John C. Newton, national chairman of the event, following a meeting of the executive board at Columbus, Ohio, in April.

It was also revealed that National Cat Week has been incorporated under the laws of the State of Ohio as of April 2, 1947. The project was originally founded by *Cats Magazine* in February 1945.

The following officers to assist Mr. Newton include Miss Kay M. Thoma, vice-chairman; C. Wright Richell, national secretary; and Miss Ellen Teachout, national treasurer. The board of trustees comprise Mr. Newton, Mr. Richell and Miss Thoma. Others of the executive staff are William Cullen Bryant, attorney; Dr. John H. Knapp, veterinarian; Mr. Richell, art director, and Mr. Lester B. Martin, public relations director.

Thus an organization has been created that should function well with the nation-wide campaign that is contemplated. All officers are serving without any remuneration.

Brookfield Develops Capsuled Ear Remedy

A new product manufactured by the Brookfield Laboratories, Brookfield, Ill., known as Dr. Merrick's Ear Canker Creme, has been announced by the makers of Dr. A. C. Merrick's Sulfodene. The preparation comes in tiny

capsules designed for instant use. The tip of the capsule is snipped off with scissors and the cream is then squeezed into the ear canal. The formula has 2-mercaptobenzothiazole and tyrothricin as its principal active ingredients.

Please mention CATS MAGAZINE to our advertisers. It is a guide to them and a help to us.

Slogan for National Cat Week, Inc., is "Appreciation — Understanding — Better Care." It is the plan of the executive committee to raise funds for the promotion of the week-long event by the sale of illustrated stamps, depicting a photo or drawing of a cat and including the dates and the slogan. These stickers will sell at \$1.00 per hundred, and arrangements may now be made to reserve stickers. Upwards to 50,000 of the stamps have been ordered and will be ready for distribution in August.

National Cat Week, Inc., has been designed only for the promotion of The Cat. It is open for support by all.

Complete information and literature may be obtained by writing direct to National Cat Week, Inc., Campaign Headquarters, 1980 Indianola Avenue, Columbus 1, Ohio.

Just One Spoonful

of this clean, granular vitamin product, added to the food every day, gives any cat the full benefits of

**Fortified Cod Liver Oil
Brewers' Type Yeast
Irradiated Brewers' Type Yeast
Wheat Germ Oil
Riboflavin Supplement**

Patented feature of Conkey's Y-O prolongs vitamin potency. With over 100 teaspoonfuls to the pound, it is very economical.

Conkey's Y-O whets the appetite, aids digestion and metabolism, helps build strong bone, healthy organic and muscular tissues. Fine for the coat and to help restore faded eye color.

Daily use helps safeguard against breeding failures and has proven an indispensable aid to the kitten feeding program. Ask the breeder who is using Conkey's Y-O. Better yet, send only \$1.00 for the large 1 lb. 5 oz. package. West of Rockies, \$1.15.

CHINCHILLAS

By D. DEANS-HENDERSON

Every fancier is partial to his or her color and breed. But the majority will agree that the most beautiful of all cats are the Chinchillas and Shaded Silvers. The two have been closely related, and a clear demarkation between them is often puzzling to the novice.

The standard for the Chinchillas is quite definable. The undercoat should be pure white ("silvery white"), the coat on the back and flanks and tail sufficiently tipped with black to give a characteristic silver appearance. The legs may be slightly shaded with the tipping, but the chin, ear tufts and stomach must be silvery white. Any bars and brown or cream tinges are faults. Eyes are green. Rims of eyes, lips and nose are outlined with black, while the center of the nose is a brick red.

Thus the standard for the Chinchilla is thorough, and is perhaps, the most descriptive of all standards.

An outstanding Chinchilla is easily recognized if all points are according to the standard. If the cat fails in eye color, outlining, tipping, etcetera, it usually lacks beauty and fascination.

The Silvers—Chinchilla and Shaded—have come through many tribulations, and there have been instances in the judging of them wherein exhibitor and judge have become exasperated. Chinchillas have been entered as Shaded Silver and vice versa. Show committees have been called to explain the degree of paleness that constitutes a Chinchilla and what amount of dark markings makes a cat eligible as a Shaded Silver. Novice exhibitors usually are not always sure, and often show committees hesitate to commit themselves to a definite statement. In several shows the SAME CAT has won in both classes!

How then can we clear the Silver Muddle? First, let us review the standard for Shaded Silvers. "Pure unmarked silver, shading gradually down the sides,

face and tail from dark on the ridge (back), to silvery white on chin and stomach and under the tail; the legs to be the same tone as the face. General effect to be much darker than the Chinchilla."

BRIGHT EYES WINS LONE C. F. F. AWARD FOR 1946-1947 SEASON

Dbl. Ch. Baile Fan Bright Eyes of Kute Kit

Dbl. Ch. Baile Fan's Bright Eyes of Kute Kit, the All-Eastern chinchilla female owned by Mrs. H. Earl Nack of Willow Grove, Pa., has won the Challenge Award for 1946-47 offered by the Cat Fanciers Federation for Best American Bred Female. The award carries \$25 and a special rosette. There were not sufficient wins for naming the Best American Bred Male, Kitten or Novice.

INFORMATION *Please!*

- Q. Do you get any reaction from the prophylactic dose of feline serum? E. W., Hopkinsville, Ky.
- A. In many instances, yes. All cats and kittens do not act to treatment in the same way. Recommended for cats and kittens that become effected — Upjohn's Vitamin Tonic in doses of one teaspoonful three times a day.
- Q. What is the color of the eyes of a shaded silver? P. A., New York, N.Y.
- A. Standard states green.
- Q. How many points must a cat win to become a champion? P. B., Cleveland, Ohio.
- A. Ten in any one association.
- Q. From where are most of the cats imported? Z. C., Carick, Pa.
- A. Majority from England, although it is interesting to note that the first recorded importation in *Cats Magazine* files is a black female from Spain, imported by a Mrs. Brainard, residence unknown. The cat's name was Madam.
- Q. Who is credited with being the first to establish a cattery in America? N. C., Texas City, Texas.
- A. Mrs. Clinton Locke, Chicago, Ill. Date unknown.

Driftwood Cattery, Reg. C.F.A.

Proven, registered, colorbred, blue stud from champion dam and sire. Also one nice type 5 month old blue cream kitten from Azurevale, Pat-Hand, Sept. Sunshine, Lavender Chu Chu and Periwinkle bloodlines. Orders taken for a litter born May 6, 1947 and an expected litter from above breeding.

U. C. F. PLANS NATION-WIDE AFFILIATION

For several years many cat breeders in the Southern California area have wished and dreamed of an association on the West Coast to make it more convenient to register cats and catteries.

In March 1946, several breeders organized The United Cat Federation and incorporated under the Laws of the State of California with the following objectives:

To unite all clubs and breeders into more harmonious relationship; also to promote more scientific breeding, higher standards and true sportsmanship.

A Board of Directors, comprising twelve prominent personalities in the cat world, was duly elected. The Board in turn elected James Larzelere, president; Earle M. Philips, vice-president; Mrs. Elsie Quinn, second vice-president; Zelma V. Philips, secretary-treasurer; and Mrs. Ethel Garson, recorder.

Four of the outstanding clubs of Los Angeles and nearby vicinity affiliated with this organization, and requests for cat and cattery registrations arrived before the blanks were off the press. The officers were very pleased with the response and look forward to a big year in this respect.

The Western Cat Club is an affiliate of the U.C.F. and is already planning an outstanding show in Hollywood this coming season.

While the U.C.F. is a West Coast organization, its scope is not confined to this area because its charter permits it to operate anywhere within the United States and Canada.

Any group planning to form a cat club and affiliate with the U.C.F. will find much to its advantage by contacting the Secretary, Mrs. Zelma Philips, 1124 South Fourth Avenue, Arcadia, California. Those desiring to register cats in the U.C.F. Stud Book or have catteries to register, may contact the Recorder, Mrs. Ethel W. Garson, 1421 East Broadway, Glendale, California.

All matters concerning rules and regulations are referred to the Board as a whole and all member clubs have equal right of vote.

ZELMA V. PHILIPS,
Sec'y-Treas., U.C.F.

MRS. MELLOR RECUPERATING

Mrs. Cicely C. Mellor, 248 Washington Ave., Brooklyn 5, N.Y., who has embarked on a promising mail order career with her "Felinia," is now recuperating successfully from a serious operation. Her latest novelty is drawings of cats on paper napkins in colored inks and colored paper. Cute?

A typhus epidemic swept Paris recently, causing the death of many cats. Veterinarians instituted a campaign urging vaccination of all felines.

CHINCHILLAS

(Continued from Page 10)

chilla. Eyes and outlining to be the same as applies to the Chinchilla."

In comparing the standards, the differences are "Shading gradually from dark on the ridge" in place of "The coat on back, flanks, etc., being sufficiently tipped with black."

To the novice, the difference between "tipping" and "shading" is somewhat obscure. In the Chinchilla, only the tips of the hairs are dark, and this tipping rather than a dark unbroken line applies to the ridge. The Shaded Silver starts with a denser shading; that is, a greater length of hair is dark, at the ridge, gradually showing less black, until it tapers down to all silvery white.

With the difference so clearly understood, the puzzle remains. This is because during certain seasons, and in the transition from one season's coat to another, the Shaded Silver becomes lighter, and in some instances remains lighter. Thus, a Shaded Silver is often transferred into a Chinchilla class.

Chinchillas in heavy coat with obvious tipping have been classed as Shaded Silvers. The interpretation of the wording "sufficiently tipped" given in the standard for Chinchillas must be left to the discretion of the judge, and applied to the cat accordingly.

A Chinchilla with a heavy "wooley" coat would naturally show more tipping than one with a smooth thin coat. Yet both are found in the Chinchilla classes.

The Shaded Silver usually grows lighter as it grows older. Sometimes there is nothing left of the shading but a faint, unbroken dark or black streak on the ridge of the back. The rest of the back and sides show a silvery white with no evidence of tipping. Nevertheless, the cat still is a Shaded Silver and should be judged in that class.

A question in the development of the chinchilla's coat has been raised. Is it slower in developing a luxurious growth than other breeds? In my opinion the reverse is the general rule. Chinchillas usually develop and retain a heavy flowing coat from Kittenhood.

Of course, as in all breeds, some Chinchillas have smooth, sparser and shorter coats than others. It depends on the strain and pedigree.

Your ad in CATS MAGAZINE will be seen and read by cat lovers in every State and Territory in the Union, every Province in the Dominion of Canada, every country in North and South America, in the British Isles, Australia and New Zealand.

If you like CATS MAGAZINE pass the good word along.

Do not send articles or pictures until you have contacted the editor. In your letter, outline briefly the subject matter.

KITTEN-TIME

(Continued from Page 8)

judgment one must learn to correct the faults of the poor specimens by carefully selecting their mates, and retain or improve the points of the good specimens by judicious line breeding. Anyone interested in the breeding game must, of course, be interested in improving his color or breed and must also be willing to accept the many disappointments visited upon one while trying to make each generation a little better than the preceding one. Breeders must be scientists, not merely reproducers.

Something else I should like to drive home forcefully. If buying from a conscientious breeder, do have faith in her judgment. Granted the specimen you buy isn't 100% perfect, the breeder still knows better than anyone else what is in back of that cat, and can better prescribe for it. She is probably more interested in seeing her stock amount to something in your hands, than you are.

One should never expect miracles in breeding. Our desire to bring forth litters of large headed, short bodied, short legged kittens is definitely not nature's plan. Since this is so, it is only once in a blue moon that a litter is born, even from the best parents, having uniform high quality.

DBL. CH. S. P. DIES

Dbl. Ch. Siam's Chief Noda-Purachat, celebrated Blue Point Siamese, died April 3 at Bar Harbor, Maine. He was the sire of Ch. Wun Lon Song, who in turn is the sire of Dbl. Ch. Wan Tut-sawan, (AE-47), blue point.

The United Press reports that Harry Fielding of Oakland, Calif., was awakened by his cat to find the kitchen in flames.

North Adams, Mass.

THE Breeders' Digest

LILLIAN D. LIMPert
 R.F.D. 1, MENTOR, OHIO

Mrs. Roy G. Miller, Columbus, Ohio, has sold Blue Sylvan's Lady Beaumaris, daughter of Blue Sylvan's Bobbinette, by Imported Lavender Chu Chu to Mrs. R. Hardacre, one of our newer Fanciers. She also tells us that her black female, Wimauma's Azra of Beechwold has returned from a visit to Ch. Great Lakes Charcoal.

Mrs. H. Obergfell, St. Louis, sends a glowing account of her extended stay in California these past few months. Visiting many of the famous catteries, attending the Hollywood and Los Angeles shows, also the meeting of Siamese Club where she met fifty breeders will be among the cherished memories of the participated pleasures enjoyed while there.

We were indeed sorry to learn of Mrs. Ethel Treen's recent bereavement. Mr. Treen succumbed to a sudden fatal heart attack recently. Our heartfelt sympathy goes out to Mrs. Treen.

Mr. and Mrs. M. E. Thorne inform us that Barbe Bleue Stout Fella, a massive young black male, has arrived from California. He is a son of Barbe Bleue Daffy's Imp ex Barbe Bleue Aunt Jamima, bred by Mrs. Eva T. Harris.

Nigrette's Baby Coon, black female owned by Mrs. O. Simble, has visited Mrs. Robert Brown's Fernwood Yankee Boy of Craighead, son of Pearl Harbor's Ace, ex Fernwood's Chicadee. Yankee Boy is that much admired black male who won Best Novice honors at North Shore's Cat Show.

Mrs. Frances Kosierowski has bred Jinx of the Tower, her pale blue female, to Mrs. Falardeau's Ch. Dixi-Land's Valiant of Eden and is anticipating something very special from this cross. A previous mating of these produced Eden's Joey Boy. Jinx is the mother of the kitten, Gorgeous Goddess, who appeared on the April cover.

Mrs. Rita Swenson announces the arrival of a fine litter of four, two boys and two girls from her Powder Puff (AE-47). Ch. Kendy, her blue-eyed white stud, is their sire. Mother and family progressing nicely.

Congratulations are in order to that

lucky man, Carl Keller, who, on April 19 took himself a bride, none other than the C.F.A. judge, the former Dorothy Diebel of Toledo, O. They were married in Detroit with Mrs. James Partlan and Mr. Rube Jacobson doing the official honors. Best of luck, Mr. and Mrs. Keller.

Ch. Roselawn Curci of Wonderland, the dam of Ch. Prince Snow White, who had the honor of winning Oldest Cat at Beresford Show in December, passed away March 25 of heart attack. She would have been thirteen years old in June. She was sired by Tony White Prince of Wonderland ex Wonderland Princess Blue Doll. Her owner, Mrs. John Trimmer, is grieving her passing.

Mrs. James H. Shaughnessy has a brand new litter of Silvers from her Chinchilla female, Lady Gay, who is a daughter of Starlight Heart Bandit II. Mrs. Herbert Forrest's Silver male is the sire of these. At this writing we cannot give his background. Another recent purchase, the Cream female, Collinsdale Bamboo Blonde, has been bred to owner's Nigrette's Challenger. Her Blue female, Kansas City Starsheen, daughter of Kansas City Playmate and Chu Mischief of White Birch visited our own Ch. Grayhaven's Regent of Nigrette this Spring. Results of this was a litter of three blacks and a blue.

Mrs. John H. Revington
 942 ANDERSON STREET
 BRISTOL, TENNESSEE

—Discovery by— Noted Veterinarian **STOPS CAT-ITCH**

For years, veterinarians were baffled by a common skin disease that caused untold agony to dogs and cats. Starting as a burning itch, it soon develops dandruff-like scales and brownish edged sores with a mouldy odor in ears, on paws, under-body, back or around tail. Treatments for mange, fleas, allergy or faulty diet result only in costly care or actual loss. Now, noted veterinarian, Dr. A. C. Merrick, has positively identified this disease as a fungus infection comparable to "Athlete's Foot." He has named it "fungitch" and has also developed SULFODENE, a treatment proved amazingly effective in thousands of clinical cases. Applied externally, Dr. Merrick's SULFODENE stops the itch in a few minutes — scales and sores vanish in a few days. Buy today where you get pet foods or remedies — or send \$1.00 for generous treatment; money back if it fails to give complete satisfaction. Address Brookfield Laboratories, Dept. F-367, Brookfield, Illinois.

 BREMERTON, WASHINGTON

THE BREEDERS' DIGEST

(Continued from Page 21)

The brand new Grand Champion, Babylon's Beau Barry II, owned by Mrs. James L. Partlan is the proud Daddy of a litter of five beautiful kittens. Dam is Mrs. J. J. Collins' Roxlane Jowaire.

Was intrigued by the picture of the tortie, Glad Low's Victory Bell of Mol-Vron, which Mrs. Molly I. Brennan sent. Victory Bell was born May 8, 1945, V-E Day, with the inverted V on her head. Her parents are Duncanshire's Son-Bright of Mol-Vron, a lovely solid red, son of Ch. Courageous of Duncanshire. Dam is Glad-Low's Bush of Hamden. She was quite the attraction at the two shows where she was exhibited, winning both times, annexing six points toward her Championship.

A newsy letter from Mrs. Lucile Pelton tells us of the interesting developments out her way. The well known Ch. Wimauma's Chuette of White Birch has a litter of three blackies, born April 23, two boys and a girl. Sire of these is Wycliffe's Ebony by Dixi-Land's Clivedon, ex Ch. Domino Rhapsody. Clivedon was a son of Gr. Ch. Dixi-Land Salute. Her Santa Maria of Khyber who visited Ch. Boris II of Khyber at Miss Delle Smith's earlier in the year will be having her family shortly. Mrs. Pelton hopes for another Chelsea from this. While Grayhaven's Molly of Green Mountain is also due with kits about June 1. Ch. Great Lakes Charcoal will be the proud Papa.

A newsy letter from Mrs. Arvid G. Ohlin tells us that one of her recent importations, Morfydd of Allington has been bred to Wimauma's Bright Angel with kits due the end of May. Line up, folks, and await your turns! Already several have been booked. We feel quite privileged in receiving pictures of her English ancestors, which are considered among Mrs. Ohlin's most cherished possessions.

Another prominent breeder of the East, Mrs. H. Earl Nack, writes news of general interest. Her Chinchilla female, Dbl. Ch. Bright Eyes (AE-47), has also been named Best Female exhibited during 1946-47 season in the C.F.F. She was presented with the C.F.F. Challenge award. Congratulations! We also learn that the Imported Paul of Allington lives on and is now the ripe old age of fifteen and still going strong. Last year he sired twenty-one kittens and has already serviced three queens this Spring.

Mrs. R. Hardacre, Akron, Ohio, entertained the Lake Erie Cat Club in April, with attendance from Toledo, Cleveland, Akron and Detroit. Plans are now well under way for that show to be held in Akron. This will be the first ever held in that city.

Mrs. J. J. Mayer, Mertztown, Pa., is thrilled with her newest purchase, the Chinchilla female, Ch. Lady Claire of Chewanna, who came to her bred from Mrs. Olive Shanteau. Lady Claire has since presented her with five truly

outstanding kittens, these sired by Chewanna's Silver Meteor. Best Novice winner at Detroit Persian Society's show. Meteor is a son of Wahoo Ho Yan Yung and Dbl. Ch. Bit O'Don of Chewanna.

Smoke breeders will be interested to hear that "Show Days Have Ended" for the well known pair of Smokes, Dbl. Ch. Princess Pat of Oyster Bay and her litter neutered brother, Caliph of Bagdad. Both died within five days of each other at the age of thirteen years. They were never parted in life and not long by death. Patsy died of shock and Caliph was heartbroken. Five days later he was found dead in his sleep. These cats had made their home for the past five years with Mr. and Mrs. Robert Treat. Patsy was Best Smoke and Caliph Best Neuter in show many times. Princess Pat's pictures appeared in the 1938 *National Geographic*. She was then owned by her breeder, Mrs. F. R. Couder.

CATS MAGAZINE is not sold on newsstands. Its subscribers, every one a paid subscriber, is a mail order purchaser.
